A Little Humor

Just before the final exam in ^[SEP]my college finance class, a less-than-stellar student approached me. "Can you tell me what grade ^[SEP]I would need to get on the exam ^[SEP]to pass the course?" I gave him the bad news. "The exam is worth 100 points. You would need 113 points to earn a D." "OK," he said. "And how many points would I need to get a C?"

A student seeking a job at our university was handed an application. He dutifully filled out his name and address. When it came to the entry "length of residence," he wrote: "Approximately 30 feet."
